Title: **In The Know (1992)**Artist: **NON-FICTION**

-for the first time on **VINYL** (original release was only available on CD in 1992)

-Remaster 2024, mastered for vinyl

-the most popular of Non-Fiction's **three albums**

-printed insert with liner notes and many illustrations

-with **Alan Tecchio** (Hades, Watchtower) and **Dan Lorenzo** (Hades, Patriarchs In Black)

-The voice of **Hades & Watchtower** meets doomy US metal with a 70s groove

During a European tour by **HADES**, it became apparent that the band would soon disband. Guitarist **Dan Lorenzo** formed Non-Fiction with **Dan Nastasi (MUCKY PUP, DOG EAT DOG)**, who subsequently recorded an EP. However, the line-up carousel was to turn again and **HADES** and **WATCHTOWER** singer **Alan Tecchio** and bassist **Kevin Bolembach (later SEVEN WITCHES, JACK FROST and others)** came on board. In 1991, the debut „**Preface**“ was released on **Grand Slamm Records**, in Europe on Steamhammer/SPV. At the time, the band's doom metal leanings must have puzzled many fans of **HADES** and **WATCHTOWER**, while fans of this style remained ignorant at a time without the Internet. It is astonishing that certain trademarks of **HADES** can still be found in the music of **NON-FICTION** (see also the 1995 reunion album by **HADES**). In 1992, the second album „**In The Know**“ was released, which is considered a fan favourite and was only released on CD at the time. Once again, the cover artwork is reminiscent of the art of Hipgnosis (Pink Floyd, UFO etc.). Many fans have been waiting for an LP version, which is now available 32 years later.

After the release, Non-Fiction successfully toured with Savatage and Overkill, where they could also be seen in Europe.

Both **HADES** and **WATCHTOWER** (with **Alan Tecchio**) are - sporadically - active again today and quite a few fans hope that Non-Fiction will also make another appearance. The musical continuation, albeit a little more modern, is currently **Dan Lorenzo's** band **PATRIARCHS IN BLACK**, which is successful in the USA.
