Title: **Prince Of Darkness (1985) & Tox (1986)**Artist: **TOX**

- first remastered re-release since the 1985 studio album
- CD features a live bonus track as well as the second album „**Tox**“ (1986)
- with Werner Dannemann (Opera Nova) and Peter Garattoni (Eulenspygel, Veto)
- LP with special vinyl mastering

In 1983, the melodic hard rock and metal band **TOX** started up in the Stuttgart area, releasing albums in 1985 and 1986. The brains behind the band were the highly talented guitarist and singer Werner Dannemann, who is now internationally renowned as a blues musician, and drummer Peter Garattoni (sadly recently deceased) from the group Eulenspygel, who later played with several heavy metal bands from GAMA Musikverlag (Veto, Maniac), but was also active with John Lawton (Uriah Heep, Les Humphries Singers) in Rebel. Bassist Wolfgang Kallert (only on „Prince Of Darkness“) joined the cult group Volks-Musik in 1973 and can be heard on the album „**Morgens um 7 - Abends um 8**“.

It's clear that you shouldn't expect flawless, merciless heavy metal from **TOX**. As the album title and the cover might suggest just that, the melodic hard rock disc may have reached the wrong audience in 1985. Even if the title track could be labelled as melodic epic metal today and would also have suited Zed Yago well, it is more of a hard, but also very melodic record between hard rock, AOR, as well as **powerful classic rock and German metal**. If you listen carefully, you'll even notice that TOX sounded quite unique and didn't conform to the standardised sound of the time. In heavy metal communities, both albums enjoy cult status in South America and in some Eastern European countries. Golden Core was able to get hold of a live bonus track from a sampler, which is impressive proof of **Werner Dannemann's** quality.

Title: **Semen Churches**  
Artist: **POSSUIDO PELO CAO**

The Brazilian thrash/crossover band **Possuído Pelo Cão** is a spin-off project involving some members of Violator, DxFxCx, Terror Revolucionário and Innocent Kids. The first demo „**Semen Churches**“, which was publicly praised by Possessed singer Jeff Becerra, was brought out in 2006 and released digitally and only in a **small CD edition**. The political and socially critical lyrics are typical of the genre. The rather short work is enhanced with bonus tracks (song titles not yet available). The band has been active again since 2024 and will also support the release live.

**A must for every thrash fan!**

Title: **Brazilian Hits**Artist: **MARQUINHO**

If you are into Brazilian grooves, you won't be taking this album out of the player for several months after buying it. **AILTON** is part of the party, performing his vocal skills on the single „**Meine Mannschaft**“ alongside **CACA, Ewerthon, Leandro, Ciquinho** and **Conceicao!!! Marquinho** is the name of the thoroughbred musician from **Brazil**, who was already exposed to the typical Brazilian street rhythm at a young age. The planned short holiday to Germany in 1998 was initially only supposed to last 10 days; but the 10 days turned into weeks, months, years ... the reason **Marquinho's musical career** went from year to year steeply upwards and he came closer and closer to his dream of recording an album. After a live performance in a posh club in Dortmund, he met Ailton, probably the best-known Brazilian in the country. Football star Ailton was so impressed by **Marquinho's skills** that they went into the studio together to record an album. They performed together on **Stefan Raab's** hit programme TV Total, RTL Punkt 12 & Top Of The Pops. Incidentally, the album was recorded in Brazil with original Brazilian musicians.

Title: **Unendlich**  
Artist: **FRANZISKA KLEINERT**

The Swabian-born musician has been creating music for as long as she can remember. Even if she hasn't hit the big time yet, she has plenty to tell.

She started **playing the piano at the age of 4**, composed her first songs at the age of 12 and has released four albums and numerous singles with her own band. In 1989 she sang a duet with German rock legend Peter Maffay on the album „**Kein Weg zu weit**“, and has already contributed backing vocals to **PUR**.

As a songwriter, she has been able to place several songs on albums by **Schlager icon Wolfgang Petry** (and others). Her passion is music, and she puts her heart and soul into her work as a music teacher.

After a break, she took another step onto the big stage on „**The Voice of Germany**“ in 2022. There she surprisingly met Peter Maffay again, who was then able to win her over for his team. In summer 2024, Franziska Kleinert and her band will perform live as a support act at 17 Pur Open Air concerts. She will also be supporting Max Giesinger unplugged at the Südstrand Open Air on the island of Föhr in July. Some dates for a small club tour in early 2025 have already been confirmed.

„**I wanted to share all of this with my fans in a summarized version,**“ says Franziska Kleinert. That's why her storybook + CD will be released in July, which will be available on tour and in stores.
